SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, SQL

Frameworks: React.js, Next.js, Node.js, Express.js, FastAPI, React Native, Expo

Tools & Technologies: PostgreSQL, MongoDB, Supabase, AWS (EC2, S3), Docker, Git, GitHub, REST APIs

WORK EXPERIENCE

Sirpi DataScience, Bangalore

Jan 2025 – July 2026

Full Stack Developer

- Developed and enhanced an **ERP platform** that digitized end-to-end business workflows, including record management, approvals, status tracking, and operational processes, reducing manual effort by **40%**.
- Built reusable **React.js and TypeScript** modules for dynamic forms, validation, data tables, filtering, and pagination, reducing development effort by **25%**.
- Developed frontend and backend modules for the migration of a **wind energy platform**, modernizing existing workflows and optimizing API and database interactions to improve response times by **20%**.
- Simplified data-driven workflows to improve platform usability and performance, while contributing to production releases, debugging, and defect resolution.
- Tech:** TypeScript, Python, FastAPI, PostgreSQL, Supabase, JavaScript, Docker, AWS (EC2, S3), CI/CD

Micropro Software Solutions Limited, Nagpur

June 2024 – Nov 2024

Full Stack Developer Intern

- Developed reusable **React.js and JavaScript** UI components, forms, and data tables, while integrating **REST APIs** and gaining hands-on experience with **MongoDB**.
- Contributed to web application development and maintenance through **API integration, debugging, testing, Git/GitHub workflows, and deployment**, following established development practices.
- Worked with **Node.js and Express.js** to support backend development and application integration while collaborating with senior developers.
- Tech:** React.js, JavaScript, Node.js, Express.js, REST APIs, MongoDB, Git, GitHub

EDUCATION

RTMNU Nagpur

B.Tech. in Computer Engineering

2021 – 2024

CGPA: 7.46/10

PROJECT WORK

AV Art Academy — MAH AAC CET Coaching Platform (Live)

Tech: React.js, TypeScript, Next.js, React Native, Expo, Node.js, Express.js, PostgreSQL, Supabase, AWS S3, Razorpay

- Built and deployed a production-ready **MAH AAC CET coaching platform** serving **1,200+ students**, supporting course enrollment, video lectures, learning resources, mock tests, and PYQ practice.
- Developed responsive **web and React Native + Expo mobile applications** using **React.js, TypeScript, Node.js, Express.js, and PostgreSQL**, enabling students to access courses, resources, assessments, and learning progress across platforms.
- Implemented **JWT authentication, Google OAuth, role-based access control, Razorpay payments**, and a timed assessment system with automatic scoring, attempt history, result analysis, and admin management.
- Developed and **integrated course, learning-resource, assessment, and progress-management workflows** to provide students with a complete end-to-end learning experience across web and mobile platforms.
