Portfolio: rahulkapgate.in | GitHub: github.com/rahul-kapgate | LinkedIn: linkedin.com/in/rahul-kapgate

Skills

Languages: JavaScript (ES6+), TypeScript, Python, SQL

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Mobile: React Native, Expo

Backend: Node.js, Express.js, FastAPI, REST APIs

Databases: PostgreSQL, MongoDB, Supabase

Cloud & DevOps: AWS (EC2, S3), Docker, Git, GitHub

Work Experience

Sirpi DataScience, Bangalore

Jan 2025 - June 2026

Full Stack Developer

- Contributed to the development of an **ERP platform** that streamlined end-to-end business workflows, digitizing record management, approvals, status tracking, and operational processes, reducing manual effort by **40%** and improving process efficiency.
- Developed reusable **React.js** and **TypeScript** modules for complex business workflows, including dynamic forms, validation, data tables, filtering, and pagination, reducing development effort by **25%**.
- Contributed to the migration of a **wind energy platform**, working across frontend and backend systems to modernize existing workflows, optimize application performance, and improve the clarity and usability of data-driven features, resulting in **20%** faster response times.
- Simplified data-driven workflows and optimized API/database interactions to improve platform usability and reduce unnecessary user interactions.
- Participated in production releases, code reviews, debugging, and defect resolution, improving application stability across business-critical workflows.
- Tech:** React.js, TypeScript, Python, FastAPI, REST APIs, PostgreSQL, Supabase, JavaScript, Git, GitHub

Micropro Software Solutions Limited, Nagpur

Jun 2024 – Nov 2024

Full Stack Developer, Intern

- Developed and enhanced web applications using JavaScript, React.js, Node.js, and Express.js, building reusable UI components, forms, data tables, and responsive interfaces.
- Worked with REST APIs and SQL databases while contributing to debugging, testing, Git/GitHub workflows, and application deployment across the software development lifecycle.

Education

RTMNU Nagpur

2021 - 2024

B.Tech. in Computer Engineering

CGPA: 7.46/10

Project Work

AV Art Academy — MAH AAC CET Coaching Platform (Live)

Tech: React.js, TypeScript, Next.js, React Native, Expo, Node.js, Express.js, PostgreSQL, Supabase, AWS S3, Razorpay

- Built and deployed a full-stack **MAH AAC CET coaching platform** serving **1,200+ students**, with course enrollment, learning resources, video lectures, mock tests, and PYQ practice.
- Developed responsive **web and React Native + Expo mobile applications**, enabling students to access courses, resources, tests, and learning progress across platforms.
- Implemented **Google OAuth, JWT authentication, role-based access control**, and secure payment/enrollment workflows using **Razorpay** for students and administrators.
- Built a timed **assessment and practice system** with automatic scoring, attempt history, result analysis, and admin management for courses, questions, resources, and users.
